1 – Safety Information

- While unpacking use caution with sharp objects such as razors to avoid damaging the product.
- A minimum of two people should be available to install this product.
- While drilling or using power tools safety glasses and gloves should be worn to avoid injury.

2 – Warranty

Subzero Engineering warrants to the original purchaser that it will, as its sole option, repair or replace this product or any part of this product, if it confirms that the product is defective in materials or workmanship under normal use and maintenance for one year after the purchase date of the product.

This limited 1 (one) year warranty DOES NOT COVER the following:

1. Defects or damage arising from shipping, installation, alterations, accidents, abuse, misuse, lack of proper maintenance and use of other than genuine Subzero replacement parts, in all cases whether caused by a contractor, service company, the owner or any other person.
2. Deterioration through normal wear and tear.
3. Damages resulting from abuse or misuse from failure to install or maintain this product in accordance with the written instructions furnished by Subzero Engineering.
4. Use of Cleaning Products Containing Calcium Hypo Chlorite (Chlorine), Scouring Powders or pads shall not be covered.
5. Expense of normal maintenance.
6. All costs of removal, transportation, labor, reinstallation or other costs including postage and/or shipping costs to obtain warranty service shall be paid by the customer.
7. Any liability for consequential or incidental damages, all of which are hereby expressly disclaimed, and implied warranties, including those of merchantability or fitness for purpose intended are specifically excluded. (Some jurisdictions do not allow limitations on how long an implied warranty lasts, or the exclusion or limitation of incidental or consequential damages, so these limitations and exclusions may not apply to you.)
8. Responsibility for compliance with local code requirements are excluded from this warranty. (Since local code requirements vary greatly, distributors, dealers, installation contractors, and users should determine whether there are any code restrictions on the installation or use of a specific product.)

This limited warranty gives you specific legal rights. You may have other statutory rights that vary from state to state or from province to province, in which case this limited warranty does not affect such statutory rights.

Limited Warranty Contact Information

For service under these limited warranties, it is suggested that a claim be made through the contractor or dealer from or through whom the product was purchased.

Warranty information may also be obtained by calling: (800) 692-4376 or via email at customerservice@subzeroeng.com.

3 – Pre-Assembly

Planning Assembly

Unpack all items and compare them to the Hardware Included and Package Contents lists. Lay all parts on a flat non-abrasive surface such as cardboard. If any item appears damaged or is missing, do not assemble and contact Subzero Engineering.

*It is recommended that at least two people assemble this product

Tools Required

- Level
- Tape Measure
- Power Drill
- 1/4" Drill Bit

4 – Hardware Included

HB50038
 #14x1
 Self Tapping
 x 2

HB50132
 1/4 USS
 Flat Washer
 x 4

HB50170
 1/4-20 Nut Hex
 x 4

SZ03575-10
 1/4-20 Flange Bolt
 x 4

EA30145
 2x2x1/8 Angle
 x 4

5 – Main Components

Roof
 x 1

6 – Assembly

1. Assemble the Z Channel

- 1.1 Using the 2x2 extrusion, create a Z-shaped channel as shown.
- 1.2 Secure the extrusion using provided bolt, nut, and washer.
- 1.3 Repeat this process twice on each side.

2. Secure the Colo Roof

- 2.1 Once the Colo Roof is in place, use a #14x1 self-drilling screw to secure the Z channel to the Colo Roof.
- 2.2 Repeat this step twice on each side.

7 – Operation

- Do not hang on the panel.
- Panel may tip over and cause an injury if not secured properly.

8 – Cleaning

- Use a soft cloth, mild detergent, and water.
- Do not use any abrasive pads or materials.
- Do not use harsh solvents or thinners.
